# **IPv6 Deployment Workshop**

- Date: 22nd to 25th January, 2020
- Venue: Karachi Marriott Hotel
- Location: 9 Abdullah Haroon Rd, Main Civil Lines, Karachi, Karachi City, Sindh 10444, Pakistan

#### **Workshop Goals**

This four-day IPv6 Deployment Workshop, teaches network operators how to deploy IPv6 on their network infrastructure.

## **Target Audience**

Technical staff who involved in Internet technology standards, local and national network infrastructure deployment, and day to day network operations.

## **Pre-requisites**

It is assumed that the workshop participants know how to use a router command line interface, do basic router configuration and have a working knowledge of an IGP (OSPF or IS-IS) and BGP fundamentals. Knowledge of the IPv6 protocol is helpful but not essential.

This workshop is not an introduction. The lab exercises use Cisco IOS configuration syntax.

**Participants are required to bring their own laptops.** These can be Windows/Linux/macOS and must have working wireless to allow participation in the hands on lab exercises.

# **Class Size**

The workshop can accommodate up to 30 participants

#### **Workshop Programme**

- Agenda (includes links to presentations and schedule)
- Instructors: Philip Smith and Muhammad Yasir Shamim
- Participants
